Important Ordering Information

Part Numbers OEM numbers are used only for identification. All parts shown in this catalog are represented and sold as replacement parts only.

Engine Kits To make ordering easier, we have four types of engine kits available.

- (1) Complete Engine Overhaul Kit (availavle for a limited number of tractor models)
- (2) Engine Overhaul Kit (EOK)
- (3) Basic Engine Kit (BEK)
- (4) Basic In-Frame Kit (BIF)

EOKs and BEKs are available for most of the tractor models that we service with engine parts. Section 1 pages list the contents and also parts that can be ordered individually.

Piston & Ring Sets For ease of ordering, our PK kits contain pistons, piston pins, pin retainers, piston rings, cylinder sleeves & sleeve seals(where noted) for one complete engine. Our PRS kits contain piston rings for one complete engine. *Unless otherwise noted, we make no representation that our piston rings fit pistons available from other suppliers.*
